Member State Concerned:	Poland
Procedure stage:	Validation
Trial title:	A Phase 3 Trial of a Long-Acting Amylin Analogue for Weight Management in Adults with Obesity
Therapeutic indication:	Obesity and Weight Management
Sponsor:	Novo Nordisk A/S

NOTICE OF VALIDATION REQUEST FOR INFORMATION

Pursuant to Regulation (EU) No 536/2014 on clinical trials on medicinal products for human use, the competent authority has completed its validation of the above-referenced clinical trial application and has identified the consideration(s) set out below. The sponsor is requested to submit a written response addressing each consideration within **10 calendar days** of the date of this notice.

Consideration 1

Consideration ID: 2024-521190-09-00-C1 | CTR Reference: Article 29

The Informed Consent Form submitted for the Polish trial sites has not been provided in a certified Polish-language translation, as required for national validation under Article 29. Please submit a certified Polish translation of the Informed Consent Form together with confirmation of the translation provider.

Consideration 2

Consideration ID: 2024-521190-09-00-C2 | CTR Reference: Article 5(1) / Annex I

The Trial Master File does not include evidence of the indemnification and insurance arrangement required to cover the liability of the investigator and sponsor for the Polish trial sites. Please provide the relevant insurance certificate or equivalent indemnification documentation.

Failure to respond within the specified period may result in the application being deemed withdrawn in accordance with the applicable provisions of Regulation (EU) No 536/2014.

Yours sincerely,

Urząd Rejestracji Produktów Leczniczych, Wyrobów Medycznych i Produktów Biobójczych (URPL) — Clinical Trials Assessment Unit
On behalf of the Competent Authority
